Summer Reading Tips:

- Take a break from TV and electronics! Set aside a special time of day just for reading.
- Be a 'model' reader! When you read aloud to your child, use great expression that makes the story come alive!
- Try 'Echo Reading'! Have your child repeat the line of text you've just read, pointing to each word along the way.
- Be sure to include stories and poems that feature rhyming text!
- Have your child re-read familiar texts to build fluency and confidence!
- READ, READ, and READ some more!

For other summer reading activities to share with your child go to the monthly calendars at Reading is Fundamental at:
